Introduction to Lochpots School

Welcome to Lochpots School. Very soon your child will be joining others at Lochpots, where every endeavour will be made by staff to ensure your child feels happy and secure within an environment which is conducive to the highest possible standards of learning.

Parents should be assured that no problem is too small for consultation with staff. It helps the school and your child if matters are dealt with as soon as possible, for it is only by working together that we can help each child to be a happy, confident, secure individual who will grow up to become a valued member of the community.

Adverse weather and emergency closure

<https://online.aberdeenshire.gov.uk/Apps/schools-closures/>

Lochpots School is a non-denominational school with a current roll of 175. The school serves Fraserburgh Academy catchment area. Lochpots School also has a nursery which has a roll of 40.

The school does not teach by means of the Gaelic language.

Lochpots School Background Information

Lochpots Primary School was opened on Thursday 26 April 1979. The school is an open-plan building comprising:

1 area used for 2 lower stages primary classes

1 area used for 4 middle stages primary classes and the ICT suite

Main library

1 general purpose area used by Support for Learners

1 kitchen

1 gym hall/dining hall

Toilets and cloakrooms

In August 1982 an extension to the school was opened. This extension comprises:

1 area used for 4 upper stages primary classes

1 general purpose room

Toilets and cloakrooms

A portacabin was added in late 1996 to accommodate one class. In August 1998 the nursery was relocated to this portacabin.

Lochpots School provides education for children aged 3-12, from ante-pre-school nursery to primary 7.

Lochpots School currently has 1 Head Teacher, 8 full time teaching staff, 1 Early Years Senior Practitioner, 1 Early Years Lead Practitioner and 5 Early Years Practitioners. The Head Teacher is non-class committed. We also have 2 part-time Additional Support for Learners teacher. The school works closely with a range of other support agencies and volunteers in order to provide the best possible experience for children with additional support needs. Our Active Schools Co-ordinator provides a range of additional active and sporting activities for the children.

The teaching staff are supported by 1 school administrator, 1 admin support assistant, 2 pupil support workers, 8 pupil support assistants, 4 kitchen staff, 2 cleaners and 1 janitor. On leaving Lochpots School most pupils transfer to Fraserburgh Academy. Lochpots School is part of the Fraserburgh Community Schools Network and works closely with the other 12 schools in the Network.

Community links are a valued part of school life. The school is used for a range of community activities, including after school sports and activity clubs. The Head Teacher is invited to attend Parent Council meetings in an advisory capacity. The school has a very supportive Parent Council, which backs school improvement activities and raises additional funds to provide many extras for the pupils in the school.

Devolved budgets are managed in accordance with authority guidelines in order to support planned improvements in the school.

HMle last inspected the school in 2010, with a follow up visit in 2013.

Lochpots School Ethos

Vision, Values and Aims

Vision

Motivating children to achieve and grow in a supportive, inclusive, ambitious and challenging community.

Values

Ambitious Considerate Perseverance
Respectful Proud

Aims

- **Be ambitious** - provide high quality, stimulating learning opportunities, which inspire children to develop life-long **LEARNING HABITS**
curious, creative, reflective, motivated, resilient, independent.
- **Be considerate** - promote a safe, secure, nurturing environment in which all can succeed and be appreciated and included.
- **Persevere** - challenge the children to achieve their full potential.
- **Be respectful** - encourage care and consideration for all members of the school community and the school grounds, building and environment. To encourage children to take responsibility for themselves, their own actions and behaviour.
- **Be proud** - celebrate the richness and diversity of our school community, take pride in our own attainment and wider achievements and develop positive and effective links to the local, wider and global communities.

Motto

Aim High

Curriculum

Within our school, we aim to provide a curriculum that is both inclusive and ambitious for all – a curriculum which is both academically challenging as well as providing opportunities to develop skills for learning, life and work.

Our curriculum will be based around the four capacities of Curriculum for Excellence – to ensure our pupils are successful learners, confident individuals, effective contributors, and responsible citizens. Our curriculum will also reflect the principles of curriculum design to ensure breadth, depth, personalisation & choice, challenge & enjoyment, progression, coherence, and relevance. We will therefore have a curriculum which we will adapt continuously over time to meet the needs of our pupils.

Following the principles of Curriculum for Excellence, achievement of children and young people is celebrated in its broadest sense. This means looking beyond formally assessed learning, to recognise activities like volunteering and participation in arts, sports, and community-based programmes. This approach complements the nurturing and aspirational outcomes of Getting It Right for Every Child, and our aim in Aberdeenshire to overcome inequality by Raising Attainment for All, promoting Equity and Excellence in schools, and Closing the Gap. Further information on the school's approach to Curriculum for Excellence including information for parents, can be found on the school website at: <https://lochpots.aberdeenshire.sch.uk/>

Curricular Areas

- **Literacy and English Language:** Listening & Talking; Reading; Writing.
 - **Numeracy and Mathematics:** Number; Money and Measure; Information Handling; Shape, Position and Movement.
 - **Health & Wellbeing:** Mental, emotional, social, and physical wellbeing; Physical education, activity and sport; Food and health; Substance misuse; Relationships, sexual health and parenthood.
 - **Social Studies:** People, past events and societies; People, place and environment; People, society, economy and business.
 - **Sciences:** Planet Earth; Forces, electricity and waves; Biological Systems; Materials; Topical Sciences.
 - **Technologies:** Technological developments in society; Business technology skills and knowledge; Computing science; Food and textiles; Craft, design, engineering, and graphics.
 - **Expressive Arts:** Music; Drama; Art & Design; Dance.
 - **Religious and Moral Education:** Christianity; World Religions; Development of beliefs and values.
 - **Modern Languages:** French.
-

Curriculum Design

Our curriculum is designed based on the following 7 principles:

- Challenge and enjoyment
- Breadth
- Progression
- Depth
- Personalisation and choice
- Coherence
- Relevance

Visible Learning - What a good learner looks and sounds like at Lochpots -
Learning Habits:

What is Visible Learning?

“Visible Learning is teachers seeing learning through the eyes of their students, and students seeing themselves as their own teachers.” (Professor John Hattie)

At Lochpots School we are committed to ensuring that all of our staff have a sound understanding of **what works best** in education. We use this understanding to support all of our young people to **achieve and attain** at the highest possible level. The visible learning approach is informed by clear, **evidence based, research**.

Schools that embrace the principles behind visible learning approaches have the following features:

- There is a shared '**language of learning**' between teachers and learners, eg we understand what makes a good learner, what progress looks like in different subjects, and how to set targets.
- Teachers **assess the impact** of the different strategies they are using and make changes when they identify more effective ways of supporting learners' progress.
- **Regular feedback** is given from the teacher to the learner, learners give feedback to each other, and to the class teacher.
- Teaching staff are **passionate** about doing their best for the young people they are working with and **inspire interest** both in their subject and learning as a whole.
- The **systems and processes** in the school support all the above, and everyone in the school community is encouraged to be a **leader in learning**.

What is a visible learner?

Visible learners are '**assessment capable**' - that is to say, they understand how to approach learning and how to share their progress. Visible learners:

- Demonstrate **positive habits** of learning (**curious, creative, independent, reflective, resilient, motivated**);
- Understand that **mistakes are part of the learning process**;
- Know how to learn, with **strategies** to use when they face challenges;
- Seek, receive and act on **feedback**;
- Explain and understand **their progress** (Where am I in my learning? Where am I going? How will I get there?);
- **Collaborate**; learning with and from others.

What does this look like in our classrooms?

- Assessments are not just something that happen at the end of a topic or unit of work; teachers continually make assessment judgements based on what learners **make, say, do and write** in class.
- Feedback on learning is focused on **comments to support progress**, not just on a mark or percentage.
- Regular **learner conversations** ensure that there is a shared understanding of standards and to support **target setting**.
- Learners are encouraged to have a **growth mindset** and know that practising skills leads to progress.
- There are opportunities for **collaborative and active learning**.
- Teachers seek out information about **what works and what does not**.

How can I support my child to be a visible learner?

Young people often need to be encouraged to talk about their learning. Rather than 'How was school?' it can be helpful to make questions more specific. For example:

- What was the best part of today? Why do you enjoy learning in that curricular area / with that teacher?
- Was there anything you found difficult today? What did you do when you were stuck?
- Would you say you are getting better at Maths/ Art/ PE? Why/ why not?
- What's coming up that you're looking forward to? What will you need to do to prepare for that?

If you would like to know more about the ideas behind the visible learning approach, you may find the following websites useful:

Developing Young Workforce

Developing the Young Workforce (DYW) is the Scottish Government's Youth Employment strategy to better prepare young people for the world of work.

Developing the Young Workforce is embedded in Scotland's Curriculum and along with the Curriculum for Excellence and Getting it Right for Every Child (GIRFEC) it is one of the three main building blocks underpinning Scotland's education offer for children and young people.

The DYW Aberdeenshire priorities are as follows:

- Development of the **DYW Curriculum** offer including embedding the Career Education Standard Entitlements 3-18 and the further development of BGE pathways and Foundation Apprenticeships in the senior phase.
- **Skills Development** – embedding skills for learning, life and work (**Metaskills**) and skills profiling.
- **Partnership** Development, including partnership with employers.
- Support for **Equalities**.

As part of the 3-18 curriculum, pupils will develop skills for learning, life, and work and Skills 4.0 and Metaskills. Throughout their time in school, from Early Years onwards, all pupils will have an opportunity to engage with employers through experiences like workplace visits, career talks, employability events and courses, work experience and curriculum based activities. They will also have the opportunity to learn about further and higher education as well as different career pathways into employment.

In S4-6, pupils will be given the opportunity to study for vocational qualifications, including Foundation Apprenticeships, alongside the more traditional qualifications.

Further information for parents on Foundation Apprenticeships can be found [here](#)

Curricular Levels

Early	The pre-school years and P1, or later for some.
First	To the end of P4, but earlier or later for some.
Second	To the end of P7, but earlier or later for some.
Third and Fourth	S1 to S3, but earlier for some. The fourth level broadly equates to Scottish Credit and Qualifications Framework level 4. The fourth level experiences and outcomes are intended to provide possibilities for choice and young people's programmes will not include all the fourth level outcomes.

Spiritual, Moral, Social and Cultural Values

The Development of Pupils' Values

In our school we are committed to providing appropriate opportunities for the development of pupils' spiritual, moral, social and cultural values through both the ethos and the curriculum. This will be undertaken in partnership with parents and will take account of the individual needs of pupils and the views of parents.

Our school welcomes and encourages diversity and individuality, while emphasising our common commitment to moral values such as honesty, respect for others, compassion and justice. It is a fundamental principle of our school that all who are involved in the life of our school has the right to be respected as individuals and carry the responsibility to act in a considerate and respectful manner towards others. We implement the Council policy for Equal Opportunities and ensure that all pupils have access to the full range of educational experiences available within the resources of the school. We are firmly committed to the elimination of any form of discrimination on the grounds of age, race, religion, gender, sexuality or disability. See Aberdeenshire Council Policy at

<http://aberdeenshire.gov.uk/jobs-and-careers/employee-benefits/equality-and-diversity/>

Religious and Moral Education

Throughout the school there are opportunities for pupils to learn about aspects of Christianity, other world faiths and to reflect upon their own moral standpoint in relation to world issues. During weekly whole-school assemblies, we encourage awareness of matters of a cultural, social and moral nature.

We aim to develop in our pupils an ethos of tolerance, understanding and respect for the beliefs and customs of others. The school is committed to supporting the development of its pupils as whole people and as a result, wish to encourage their development in moral, social and cultural terms.

The key human aspects of learning are supported by:

- Creating an atmosphere that is both caring and challenging and which provides opportunities for the development of personal responsibility.
 - Promoting social and moral learning through the way in which disciplinary issues are handled.
 - Ensuring staff and adults within the school provide positive models for pupils.
 - Arranging regular gatherings of the school community and using such occasions to encourage and reinforce the values on which the school is based.
 - Enriching the curriculum in all appropriate areas with an emphasis on moral, social and cultural development.
 - Providing opportunities within the curriculum to advance personal and social development.
 - Providing a programme of religious education in which consideration will be given to responses to basic questions relating to the meaning, value and purpose of human life.
 - Providing a programme of moral education.
-

- Taking every opportunity to acknowledge, value and appreciate the various cultures and heritage of our pupils and to encourage them to appreciate and value the cultures and heritage of others including visits by representatives of other beliefs or faiths.

The School Chaplain visits school on a termly basis and three times a year we visit the local church for a short service which is usually led by the children.

Parents wishing to exercise their right to withdraw their child from Religious and Moral Education should contact the Head Teacher so that acceptable alternative arrangements can be made.

Relationships, Sexual Health & Parenthood

The following Aberdeenshire Council information guidance is followed by the school in providing appropriate learning experiences with regard to relationships, sexual health and parenthood, which is part of the health and wellbeing curriculum.

Sex education can be defined as a lifelong process whereby children and young people acquire knowledge and skills and develop beliefs, attitudes and values about their sexuality and relationships within a moral and ethical framework.

(Sex Education in Scottish Schools: Effective Consultation with Parents and Carers, Scottish Executive & Learning and Teaching Scotland 2001).

Children learn about relationships, sexual health and parenthood from a wide range of sources including formal education, parents and families, friends and the media, i.e. magazines, books, TV, video games and movies.

Key learning themes from nursery through to P7 are as follows:

Early Years – P4

Friendships and relationships
Carers and people who look after us
Respect and appropriate behaviour
Keeping safe
Similarities and differences
The growing body and body parts (correct terminology)

P5/6/7

Wide ranging friends and relationships
Health and wellbeing of others
Changing relationships
Respect and appropriate behaviour
Emotional issues
Puberty and personal hygiene
Keeping safe
Giving birth
Looking after a baby
Role of a parent/carer

These areas are not taught in isolation but are included across many areas of the curriculum. In addition to the learning areas, the following topics may be discussed at age appropriate stages:

Physical development – e.g. menstruation, reproductive parts
Sexual behaviour (eg masturbation)
Contraception and safer sex
Sexually transmitted infections
Sexuality and gender

ROLES AND RESPONSIBILITIES IN RELATIONSHIPS, SEXUAL HEALTH & PARENTHOOD EDUCATION

Parents/carers/guardians

Education begins at home. Parents are the first and foremost educators of their child. Even if parents do not talk to their child about relationships and sexual health, parental influence will still be strong.

Parents are encouraged to review the school's programme and resources and to speak to their child about what they are being taught in school and to actively support the work of the school.

School

- Building supportive and positive communication with parents.
- Encouraging parents to view the teaching and resource materials.
- Dealing with parental concerns.
- Providing staff with appropriate training and support.
- Actively seek parents' support through activities such as homework tasks, questionnaires, training, workshops and information sessions.

Using Appropriate Language

Some families use a range of different names for intimate parts of the body. This can lead to confusion for some children. We would appreciate, therefore, your support in using the correct names for body parts from pre-school through to Primary 7.

In early and lower primary the curriculum focus is on:

- handling and understanding relationships
- personal and physical changes
- respecting oneself and others

In middle to upper primary more detailed information will be made available for parents regarding content and vocabulary used.

In some exceptional circumstances, parents or carers may prefer to deal with their child's relationship and sexual health education themselves. This should be discussed with the Head Teacher or designated member of staff so that appropriate alternative arrangements can be made.

For further information about specific resources or programmes of work please contact the school.

DRUGS EDUCATION/SUBSTANCE MISUSE

The Aims of Substance Misuse Education

When planning for Substance Misuse Education within the curriculum, it is important to reflect on the guidance outlined in Aberdeenshire's Curriculum Framework 3-18. Within the rationale of this policy, the key elements of successful Substance Misuse Education provision are addressed directly within the advice for supporting children and young people in becoming successful learners, confident individuals, effective contributors and responsible citizens.

An effective Substance Misuse Education programme should aim to:

- Allow pupils to develop knowledge and understanding about legal and illegal drugs, their effects and the implications of use and misuse.
- Provide opportunities for pupils to develop beliefs, attitudes and values about drugs.
- Enable pupils to develop the skills necessary to make healthy, informed choices and informed decisions about drugs, including resistance to peer pressure or influence.
- Link with other components of personal, social and health education to develop life skills and promote access to positive, health-promoting lifestyles.

At Lochpots School programmes of study are arranged in compliance with this guidance. For further information on learning and teaching of substance misuse education, please contact the school.

EXTRA CURRICULAR ACTIVITIES

At Lochpots School a range of extra-curricular activities is also provided. We rely upon the goodwill of staff and the support of parents in running these clubs. Information regarding current clubs (including those led by Active Schools) and extra-curricular activities will be communicated throughout the year via school bulletins, as written permission will be sought before pupils can attend. A range of cultural, sporting and arts opportunities are offered as these become available. Ongoing clubs at present are: -

- Arts & Crafts
- Knitting
- Choir

1+2 Language Learning

The Scottish Government policy 'Language Learning in Scotland: A 1+2 Approach' is now embedded in our curriculum. Children are growing up in a multilingual world and to allow them to take their place as global citizens, they need to be able to communicate in many settings. This approach entitles every child and young person to learn two languages at school in addition to their mother tongue language.

In our School the first foreign language will be French. This language will be learned from P1 (in Primary School) through to S3 (in secondary school).

If you would like your child to access Gaelic Medium Education and they have not yet started to attend a primary school you can make a request for an assessment of need for Gaelic Medium Primary Education (GMPE). For more information, please go to:

<http://aberdeenshire.gov.uk/schools/information/gaelic-in-schools/>

The parent or carer of any child or young person can make a request for their child to attend to any school which offers GMPE. This will enable your child to be taught by specialist staff. As there are currently no schools in Aberdeenshire which have GME provision learners are transported to school in Aberdeen City.

Further Information

Further information on the school's approach to Curriculum for Excellence including information for parents, can be found on the school website at:

<https://lochpots.aberdeenshire.sch.uk/>

More general information on Curriculum for Excellence and the new Qualifications can be found by clicking on the hyperlinks below.

Policy for Scottish Education:

<https://education.gov.scot/scottish-education-system/senior-phase-and-beyond>

National Qualifications:

<https://www.sqa.org.uk/sqa/58062.3806.html?pMenuID=5605>

Assessment and Reporting

Pupils move through the curriculum at their own pace. A wide range of assessment techniques are used in school depending on what is being assessed and the reason for the assessment eg:

- Observation of what the pupils “say”, “write” and “do”.
- Homework
- Self and peer assessments
- Marking of class work and other individual/class assessments
- Ongoing tracking and monitoring procedures in school
- Scottish National Standardised Assessments (P1, P4, P7 and S3)

Progress will be evidenced using a variety of approaches that best reflect the learning that has taken place and will track the skills that your child or young person is developing.

Assessment is ongoing throughout the Broad General phase and is a continuous process which influences the goals set for your child. As part of assessment, each year children and young people in P1, P4, P7 and S3 will participate in the Scottish National Standardised Assessments (SNSA). These national assessments are completed online and provide teachers with immediate feedback on each child or young person’s progress in literacy and numeracy. Children and young people do not have to prepare or revise for the assessments, which take place as part of normal learning and teaching. The assessments do not have any pass/fail mark and the results are used to help teachers plan the next steps in learning for each child/young person. Further information on SNSA is available at <https://www.gov.scot/publications/scottish-national-standardised-assessments-purpose-and-use/>

The results of children’s achievements are discussed with them regularly so that they are involved in taking responsibility for their own learning. This may take the form of oral discussion and/or written comment. In this way, it is hoped to assist the pupil identify what has been learned and the next steps to their learning. Children regularly set targets in their work.

Parents will be informed of progress:

- through pupil profiles/learning logs
- through parent consultation evenings and other meetings
- through curriculum/learning events/parent workshops
- by the annual school report
- Individual Education Plans and associated documents

Parents and carers are encouraged to contact the school at other times throughout the year to discuss their child’s progress.

Further Information on Assessment, Reporting & Profiling can be found on Parentzone:

<https://education.gov.scot/parentzone/learning-in-scotland/assessment-and-achievement>

Transitions (Moving On)

We understand that transitions, especially at Pre-School, P1 and S1 stages, can be anxious times for parents and pupils. At Lochpots School we have arrangements in place to support transitions and these are outlined below.

Transfer to Ante-Pre-School and Pre-School Nursery

In order to support and ease transition into our early years setting, we arrange a series of induction events/meetings/come and play sessions for you and your child. These events are planned to allow you and your child to become familiar with the early years setting, to meet staff, to meet with the other children and to find out about life in early years and what you can do to support your child's transition into the early years setting. A major part of this process involves parents sharing information about their children's needs and you will be asked to complete a number of forms. Any other early years setting which your child attends will forward transition information regarding your child's needs and learning journey.

Deferrals to P1

Where parents have concerns regarding their child's entry to P1, they should discuss this with the nursery team in the first instance who will be able to offer support and guidance.

Transfer to Primary 1

In order to support and ease transition into P1, we arrange a series of induction events/meetings for you and your child. These events are planned to allow you and your child to become familiar with the school building, to meet staff, to meet with the other children and to find out about life in school and what you can do to support your child's transition into P1. The induction process starts in your child's pre-school year, with P1 staff arranging to visit your child in their pre-school setting wherever possible in order to begin to get to know your child.

Induction meetings are arranged for parents around May/June in order to share information about starting school and how you can help your child at home. This is also an opportunity for parents to meet their child's teacher and to ask any questions or share any information.

At these induction meetings, parents are issued with a range of materials designed to support children's learning at home and parents are asked to complete a range of forms to gather information about your child's medical needs, contact addresses, special needs etc.

Our prospective P1s also have the opportunity to come into class for a series of induction sessions around May/June. This allows the children to begin to get to know their classmates and their teacher as well as familiarising themselves with the school buildings and classroom routines.

Parents are also invited to join their P1 children for a school lunch after their children have started school.

Information communicating details of P1 induction arrangements along with dates will be communicated directly to prospective P1 parents around April.

Transfer to Secondary Education

Most children from Lochpots School attend Fraserburgh Academy. Lochpots School is part of the Fraserburgh Community Schools Network.

An induction programme for P7 is in place to help ease the transition into S1. P7 pupils spend 3 days at Fraserburgh Academy towards the end of the summer term. Further information is communicated to parents about the induction calendar for secondary school around February each year. Parents also have the opportunity to visit Fraserburgh Academy where information will be shared and questions can be asked.

Liaison between Lochpots School and Fraserburgh Academy is very good. During the P7 year, pupils have many opportunities to join with other P7 pupils from the Fraserburgh Community Schools Network. Transition sports festivals, trips, invites to the academy and other ad hoc activities are arranged for P7 pupils to get together.

Information about our P7 pupils is shared with guidance staff at the academy to help support appropriate continuity of education. Parents are welcome to attend these information sharing meetings, especially when additional support has been provided previously.

Fraserburgh Academy guidance staff also visit our pupils in Lochpots School where information is shared and questions can be asked.

Where parents opt to send their child to any other secondary school (following placing requests) Lochpots School supports any alternative transition arrangements wherever possible.

Transitions Between Stages

For some children the thought of moving onto their next class/teacher can also be an anxious time. Again, we have structures in place to support these transitions. Teachers share planning and work together on school improvement projects helping to ensure a commonality of expectations and approaches. Time is arranged for teachers to hand over information regarding the learning needs of the pupils transferring from class to class. Opportunities throughout the year for children to work on joint projects, eg enterprise challenges, help to ensure that the children have opportunities to work with other staff and pupils.

If you have any particular concerns regarding transitions, please make an appointment to see the Head Teacher.

Visit Parentzone for more information about transitions:

<https://education.gov.scot/parentzone/my-child/transitions>

1 Admissions

Nursery Admissions.

Early in each calendar year, all parents/carers should complete an application form and submit this to the nursery of their choice. This can be your local school nursery or any other early learning and childcare setting within Aberdeenshire. The application form can be found here:

<https://online.aberdeenshire.gov.uk/schooladmissions/elc>

Primary Admissions

New entrants to P1 are enrolled early in the calendar year for entry to school in August. This is for children who will be five on or before the school start date in August. Those that have their fifth birthday between the August start date each year and the end of February the following year, may also be admitted. Go to:

<http://aberdeenshire.gov.uk/schools/information/primary-school-registration/>

To view the school catchment area for your address, go to:

<https://aberdeenshire.gov.uk/schools/school-info/admissions/school-zones/>

2 Placing requests & School Zones

For all advice and information on placing requests and guidance on school catchment/zones go to:

<http://aberdeenshire.gov.uk/schools/information/choosing-a-school>

Your child would normally attend a school within the school catchment area (zone) close to where you live. However, you can request that your child attends a school in another zone (out of zone). Please follow the links for more info:

[Out Of Zone Placing Request Policy & Procedures](#)

Support for Children and Young People

3 Getting it Right for Every Child

Getting It Right for Every Child (GIRFEC) is the national policy approach in Scotland which aims to support the wellbeing of all children and young people, by offering the right help, at the right time, from the right people. Certain aspects of this policy have been placed in law by the Children and Young People (Scotland) Act 2014.

Aberdeenshire's Children's Services Planning Partners are strongly committed to fully embedding the Getting it Right for Every Child approach. This shared commitment is expressed through the vision statement of Aberdeenshire's Children's Services Plan, which Aberdeenshire's Schools play a key part in delivering:

Its vision is that:

‘Our commitment to Aberdeenshire’s children and young people, is to provide them with the right support, in the right place, at the right time.

In helping them reach their individual potential and goals, we will work together to make Aberdeenshire the best place in Scotland to grow up’

You can find out more about our Children's Services Plan at:

<http://www.girfec-aberdeenshire.org/who-we-are/our-childrens-services-plan/>

4 Wellbeing

The Getting it Right approach is reflected in agreed local processes for assessing need and planning support for individual children and young people. In Aberdeenshire, we have a strong ethos of partnership working, with a shared sense of professional accountability for improving the wellbeing of children, young people and families.

Getting it Right for Every Child (GIRFEC) is about safeguarding, supporting and promoting children and young people's wellbeing, and ensuring support is provided if and when this is needed. GIRFEC is:

- Child-centred
- Holistic
- Accessible and responsive
- Joined up
- Rights-based

The concept of Wellbeing is at the heart of the GIRFEC approach and is defined in Part 18 (s96) of the Children & Young People (Scotland) Act 2014, through eight Wellbeing Indicators. These Wellbeing Indicators reflect the Scottish Government's aspiration for all Scotland's children and young people to be Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included.

These 8 Wellbeing Indicators need to be met in order for children and young people to grow and develop into confident individuals, effective contributors, successful learners and responsible citizens.

The Getting It Right approach means services will work in partnership with children, young people and their parent/carer(s) and we want every child at our school to feel happy, safe and supported to fulfil their potential.

5 Children's Rights

Every child/young person has rights in addition to human rights. These are called Children's Rights and they're written in the United Nations Convention on the Rights of the Child. They outline what children need to give them the best chance of growing up happy, healthy and safe. Adults such as parents, schools, councils and governments have a responsibility to make sure that children access their rights.

The United Nations Convention on the Rights of the Child is a statement of children's rights. It has 54 articles that cover all areas of a child's life and it sets out the political, civil, economic, social and cultural rights that all children are entitled to.

Scotland is in the process of incorporating the UNCRC into Scots Law. This will ensure that rights are binding rather than guiding and all levels of government must apply the rights in legislation, policy and practice.

Children and young people are learning about these rights in school and some schools take part in The Rights Respecting Schools programme, a UNICEF accredited programme to support schools in developing rights based practice as part of the school ethos.

In our schools we will:

- Raise awareness of Children's Rights, and how rights can be accessed.
- Ensure Children's Rights are provided and protected by the adults who support our children and young people.
- Provide a variety of opportunities for children and young people to get involved in decision-making.
- Make sure children and young people's views influence how we develop services.
- Support children and young people to express their views.
- Listen to and act on children and young people's views on what we do well, and what we could do differently.

More information for parents on Children's Rights can be found here:

[Parent Club Childrens Rights leaflet.pdf](#)

Aberdeenshire Council has endorsed a Children and Young People's Charter. You can find out more about Children's Rights and opportunities for participation at:

<http://www.girfec-aberdeenshire.org/home/children-and-young-people/>

6 The Named Person

Prevention and early-intervention are seen as key to the Getting It Right approach in achieving positive outcomes for children and young people. By providing support at an early stage, most difficulties can be prevented from escalating.

One way the Scottish Government has decided this should be taken forward is by making a Named Person available to every child and young person in Scotland. From birth to prior to starting school, the Named Person Service is provided by your Health Visitor. The Education Service provides the Named Person Service for all children on entry to Primary One, until aged 18 (or beyond where a young person remains at secondary school). In Aberdeenshire the Named Person will be either the Primary Head Teacher or Deputy Head Teacher and in Secondary School, the Named Person will be that young person's allocated Principal Teacher of Guidance (with a few exceptional circumstances).

The purpose of the Named Person role is to make sure children, young people and parents have confidence that they can access help or support no matter where they live or what age the child is. Acting as a central point of contact, the Named Person can help children, young people or parents/carers get the support they need, if and when they need it.

The Named Person can help by:

- Providing advice, information, or support
- Helping a child, young person, or to access a service or support
- Discussing or raising a wellbeing concern about a child or young person.

There is no obligation for children and young people or parents to accept any offer of advice or support from the Named Person. Non-engagement with a Named Person is not in itself a cause for concern. The Named Person Services is currently delivered on a national policy basis.

For more information you can contact your child or young person's Named person directly, or go to:

<https://www.gov.scot/policies/girfec/named-person/>

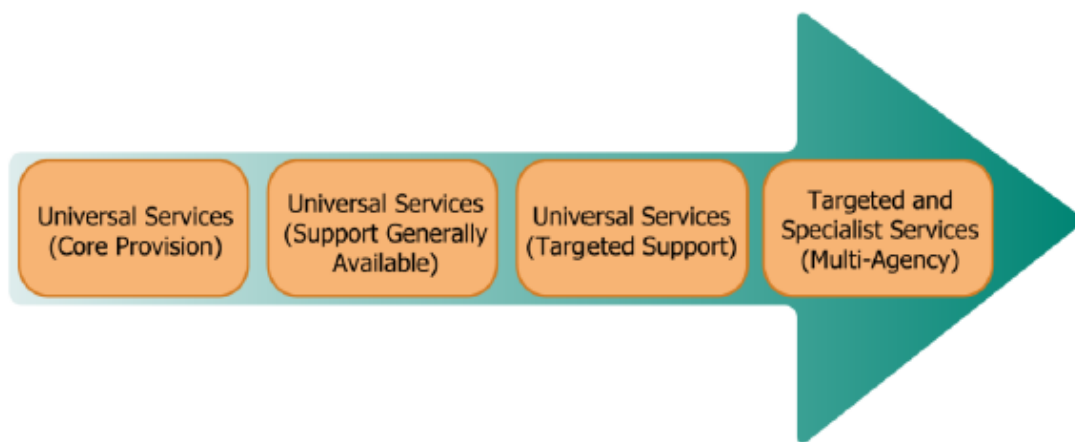

Here at Lochpots School the Named Person for your child/young person is:

NICOLA OGSTON, HEAD TEACHER

7 The Child's Plan

The *Getting It Right* approach makes sure children and young people are provided with a range of support, which is proportionate and put in place to meet assessed need. This is reflected in Aberdeenshire's staged approach to assessment and planning for individual children and young people, shown below.

- Universal Services (Core Provision)
- Universal Services (Support Generally Available)
- Universal Services (Targeted Support) Targeted and Specialist Services (Multi-Agency)

For a small minority of children or young people, there might be higher levels of wellbeing need or risk identified. These children may require a level of targeted support, which needs to be coordinated on a single or multi-agency basis through a Child's Plan.

Where a child or young person needs one or more targeted supports, the benefit of a Child's Plan will be discussed with them and their parents/carers. An assessment using the National Practice Model (My World Triangle/Resilience Matrix) would help to identify any wellbeing needs (*Safe, Healthy, Active, Nurtured, Achieving, Resected, Responsible, Included*), and highlights strengths and pressures in the child's situation. Families are fully involved as key partners in these discussions.

The Child's Plan will outline what action will be taken by the child, their family and professionals, and detail how these supports aim to help improve the child or young person's Wellbeing and overcome any difficulties.

A Lead Professional will be identified to co-ordinate and manage any Child's Plan.

Information is available on the Aberdeenshire *Getting It Right for Every Child* Website:

<http://www.girfec-aberdeenshire.org/>

8 Educational Psychology

The Educational Psychology Service (EPS) provides a service across Aberdeenshire from the early years to school leaving age. Educational Psychologists work with children, young people, parents and carers, educational staff, local authority colleagues and a wide range of other professionals including health professions, social work, early years partner providers and post school training and education providers.

When there are concerns about a child or young person's learning or wellbeing, an Educational Psychologist can support others to problem solve their way through potentially difficult and complex situations. Consultation with people who know the child best forms the basis of Educational Psychology assessment. Its purpose is to explore and understand the concern and support people to come up with solutions that will work in that particular context. More information about Consultation can be found on the Educational Psychology Service website:

<https://blogs.glowscotland.org.uk/as/aberdeenshireeps/about-us/>

The website also has a range of helpful resources available for all parents:

<https://blogs.glowscotland.org.uk/as/aberdeenshireeps/parent-information/>

9 Enhanced Provision & Community Resource Hubs

Aberdeenshire Council is committed to supporting children and young children to be educated in local schools through providing the right support in the right place at the right time. By enhanced provision we mean that a local primary and secondary school has an enhanced level of resources, such as access to a sensory room and life skills area; and support for learning staff who have an enhanced level of expertise to meet a range of needs.

Further enhancement is available through the community resource hub, for a small minority of children with severe and complex needs, who regardless of chronological age are making very small steps in learning and are at the early levels of learning. The enhanced provision centres and community resource hubs can offer outreach support to mainstream schools, short term assessment placements, flexibility (eg blended places) and access to a variety of therapies.

For more information on all our resources and policies go to:

<http://asn-aberdeenshire.org/>

10 Support for Learning

At times in their lives all children may require support for learning for a range of reasons. Some children may need a lot of support all the way through school. Others may need only a small amount for a short time.

A child is said to have additional support needs if they need more, or different, support to what is normally provided in schools or pre-schools to children of the same age. Reasons for requiring support might include:

- Missing school because of an illness or long-term condition
- Having a physical disability
- Being a young carer
- Communication difficulties
- Being particularly able
- Changing schools a lot
- Being looked after or in care
- Difficulty in controlling behaviour
- Having a difficult family situation
- Suffering a bereavement
- Social and emotional factors

Each school cluster has an allocation of Teachers of Additional Support for Learning (ASL) who are employed to support pupils with additional support needs. They work across each cluster in primary and secondary. In partnership with school staff, parents and other professionals (if appropriate), they identify barriers to learning, assess children's needs and support learning and teaching through a relevant curriculum.

Pupil Support Assistants (PSAs) assist teachers in promoting achievement and raising the standards of pupil attainment. They provide general support in relation to the needs of the class and individuals' care, health and wellbeing and safety and to ensure a secure and safe environment.

11 Child Protection

National Guidance for Child Protection Scotland 2021

Child protection is the responsibility of all who work with children and families, regardless of whether or not they come into direct contact with children. All workers must be fully informed of their responsibilities in respect of keeping children safe. All services working with children, young people and families are expected to identify and consider the wellbeing of children and to share concerns appropriately.

Equal Protection from Assault (Scotland) Act 2019

This was introduced on 7 November 2020, and all who work with children have a crucial role in implementing the Act. Instances of reasonable chastisement are now classified as an offence of assault and will be shared with the police.

Within our School we have a designated member of staff appointed to be responsible for Child Protection matters. If there is the possibility that a child could be at risk, the school is required to follow the Child Protection Procedures laid out for Education.

This may mean that the child is referred to Social Work, the Police or the Children's Reporter. In our school the designated Child Protection Officer is:

NICOLA OGSTON, HEAD TEACHER

Remember – if you suspect a child is at risk, do not rely on someone else to notice.

If you would like to speak to someone, seek help or pass on information or concerns:

- (a) You can speak to designated staff in our school
- (b) Social Work Monday to Friday during office hours contact your Children & Families local [Social Work Office](#)
- (c) Evenings & Weekends call the Out of Hours Service on 03456 08 12 06
- (d) Police Emergency 999, Non-Emergency 101

Signs of abuse can range from poor personal hygiene and hunger to unexplained injuries or self-harm.

If a young person tells you they are being abused:

- stay calm and listen to them
- never promise to keep it a secret – tell them you must let someone else know
- remind them that they are not to blame and are doing the right thing
- report it, but leave any investigation to child protection agencies

Protecting Aberdeenshire's children and young people is everyone's business, go to:

<http://www.girfec-aberdeenshire.org/child-protection/>

Enquire – National Parent Information Service and Helpline

<http://enquire.org.uk/>

Parent & Carer Involvement and Engagement

The term “parents” refers to anyone with parental responsibilities and others who care for or look after children or young people.

Both globally and nationally it is recognised that parents are the single most important influence on their children’s development, learning and achievement. The involvement and engagement of parents in their children’s learning is recognised as a key element in raising attainment, through support, help and encouragement given at home and whilst at school.

13 Parental Involvement and Engagement Strategy

The Parental Involvement and Engagement Strategy demonstrates the commitment by Aberdeenshire Council to improve the quality and the extent of all parents’ involvement in their child’s learning and the important role they play in their child’s education.

The plan sets out a vision for parental involvement and engagement for the next three years and covers a journey that a child takes from pre-birth to age 18. It highlights the leadership of those who make the difference day in and day out.

<http://publications.aberdeenshire.gov.uk/dataset/parental-involvement-and-engagement-strategy-and-action-plan/resource/02c6596e-8cba-42c7-b28a-eed64086ea42>

14 Parental Engagement

Parental engagement is about parents’ and families’ interaction with their child’s learning. It can take place in the home, at school or in the community: where it takes place is not important. The important thing is the quality of the parent’s engagement with their child’s learning, the positive impact that it can have and the interaction and mutual development that can occur as a result of that interaction.

15 Communication

The school uses a range of approaches to share information about your child’s learning and progress. These include:

- Use of Groupcall to text and email
 - School Website
 - Social Media
 - Newsletters
 - Events
 - Parentsportal
 - Open days/mornings/afternoons
 - School reports
-

Where contact details have been provided, all contacts identified as “parent contacts” will receive the information being sent. The exception to this is the morning absence text which will only be sent to the main parent contact.

The school calendar highlights planned opportunities where we welcome you into school for events, and opportunities to talk about your child’s progress, wellbeing, and behaviour (see Further Information).

16 ParentsPortal.scot

parentsportal.scot

In support of Aberdeenshire Council’s ambition to offer more digital services to its residents, Aberdeenshire primary and secondary schools are rolling out a new national online service called **parentsportal.scot**. This is designed to replace the paper ‘schoolbag run’, giving a child’s registered contacts access to a range of school-related online services, 24 hours a day, 7 days a week.

At the heart of the system, is a secure account through **mygov.scot**, which is referred to as ‘**My Account**’ or ‘**MyAberdeenshire**’ account. ‘MyAberdeenshire’ is already used to allow parents/carers to make online payments or receive notifications if a school closes unexpectedly.

Parentsportal.scot and ‘**MyAberdeenshire**’/**mygov.scot** will work together, making this a convenient one-stop-shop, to access all Aberdeenshire digital services.

Initially, **parentsportal.scot** will allow parents/carers to see basic information about your child(ren)’s school and twitter account as well as:-

- make a link to your child(ren)
- complete the annual data check process electronically (child’s main contact only)
- update their own as well as your child(ren)’s details at any time
- to register and access for online school meal payments using one sign in (iPayImpact)

How do I sign up? - If you **already have a myAberdeenshire account** to pay for school meals through iPayImpact, you can sign up using the same sign in details at <https://parentsportal.scot/home/> You **do not need** to register or set up a new **mygov.scot** account.

If you do not have a myAberdeenshire/mygov.scot account or are looking for more information and videos on how to access to **parentsportal.scot**, please go to <https://www.aberdeenshire.gov.uk/schools/school-info/parents-portal/>

17 Learning at Home

Learning at home is the learning which happens in the home, outdoors or in the community. Your home is a great place to support learning. Your child can try out new activities or practice familiar learning, at home and in their wider community.

At our school we provide materials for you to work with your child to develop key skills at home.

18 Parent Forum and Parent Council

The Parent Forum is a collective name for all parents, carers, and guardians in the school.

The Parent Council is a group of parents selected by the Parent Forum to represent the views of all parents, carers, and guardians in the school. The Parent Council works with the school to support learning and teaching, school improvement and parental and community engagement.

Contact the Parent Council Chairperson, Nichola Watt, or Head Teacher for more information about getting involved in the Parent Council or email lochpotspc@aol.com

19 Parents and School Improvement

Our school has a range of priorities that we work on each year which are explained in our School Improvement Plan (SIP). Parents often have helpful and creative ideas about how to improve their child's school and what can be done to improve the quality of children's learning. In our school we will consult with parents in a number of ways. These may include:

- working groups/focus groups which any interested parent is invited to be part of
- questionnaires and surveys
- consultation with the Parent Council

20 Volunteering in school

There are many opportunities for you to support learning in school. These may include:

- volunteering to share the skills and knowledge you have
- supporting children and young people in the classroom
- supporting or lead extra-curricular activities
- directly supporting with specific skills (paired reading for example)

More detail about this can be found using the link below:

<http://jobs.aberdeenshire.gov.uk/volunteer-with-us/> or contact your Head teacher.

21 Collaborating with the Community

We work with many local organisations, community groups and businesses to ensure our children and young people benefit from further resources, experiences, and opportunities. If you are interested in working with the school, please contact the Headteacher

22 Addressing Concerns & Complaints

Aberdeenshire Council recognises the vital role that parents play in supporting their child's learning and is committed to fostering positive relationships with parents. No matter how strong partnerships are, or how good our policies are, sometimes things can still go wrong and there may be occasions where parents wish to express unhappiness or dissatisfaction with council services, policies, or staff behaviour.

<http://aberdeenshire.gov.uk/contact-us/have-your-say/have-your-say-guide/>

When a complaint is made it must be handled in accordance with the Complaints Handling Procedure which provides two opportunities to resolve issues internally. In order to maintain positive relationships, it is usually better for all if parental concerns or complaints can be resolved at school/early years setting level as quickly as possible.

If a concern or complaint cannot be resolved at frontline resolution (Stage 1) then it will progress to Investigation (Stage 2) and a detailed investigation into the matter will be carried out. Complaints that are complex, serious, or high risk and require detailed, lengthy investigation may be dealt with at the Investigation Stage from the outset.

Once the two internal stages of the Complaints Handling procedure have been exhausted, the complainant must be directed to the Scottish Public Services Ombudsman (SPSO) to carry out an independent external review of the process. The SPSO is the final stage of the complaint procedure.

Once the SPSO reaches a decision they may contact the council with recommendations for improvement and will provide dates by which the recommendations must be implemented. The council is required to report back to the SPSO and evidence that the required action has been taken.

School Policies and Useful Information

School Policies such as the Homework Policy; Promoting Positive Relationships; our Mobile Phone etc are published on the school website and can be found by clicking the parents tab at the top. Please go to: <https://lochpots.aberdeenshire.sch.uk>

All Aberdeenshire Council Education policies can be found here:

<http://www.aberdeenshire.gov.uk/council-and-democracy/about-us/service-structure/education-and-childrens-services-policy-framework/>

23 Attendance

In recent years increasing attention has been paid to the issue of child protection and safety due to reported occasions where children have been seriously or fatally injured because of the inappropriate or criminal behaviours of adults.

Whilst it should be noted that there has been no such instance occurring within Aberdeenshire, it is important that staff and parents do not become complacent and continue to work together to develop and improve upon existing arrangements for monitoring the care and welfare of all children and young people.

With that specific aim in mind, Aberdeenshire Education & Children's Services has asked all schools to implement a series of standard procedures to monitor pupil attendance and absence from school and to invite the co-operation of parents in making these changes work. All parents are asked to assist the staff in the schools which their children attend in the manner described below:

Attendance and Absence Procedures

Parents are responsible for ensuring that their children attend school regularly and arrive on time. They are also responsible for ensuring the safety of their children on their journeys to and from school, except whilst on school transport where Aberdeenshire Council has clear guidelines about pupil safety. Absence of pupils travelling on school transport must also be communicated to the bus company or (where known) the bus driver.

Regular and punctual attendance is linked closely to achievement and school staff wish to work with parents to ensure that children can reach their full potential. The school is required by law to maintain an accurate record of the attendance and absence of each pupil and parents are requested to assist in this process by keeping the school informed if their child is to be absent for any reason.

Unplanned Absence

It is important to note that if a child does not arrive at school and there is no reasonable explanation provided for his/her absence then members of staff will be required to ascertain the whereabouts for the safety of the individual child. This will involve a message sent to the parent soon after 9.30am. Repeated attempts to contact parents will be made until the child's whereabouts have been confirmed. If contact cannot be made the situation will be assessed and it may be thought necessary to inform the local social work department. In order to avoid causing unnecessary concern for staff and parents the importance of good communication between home and school cannot be over-emphasised.

Parents are asked to assist school staff in the manner detailed below:

- If your child is unable to attend school through illness/any other reason, please telephone the school between 8:30am and 9:30am on the first day of his/her absence or send a signed note via a brother or sister where applicable. If the telephone is not answered please leave a message on the answering machine, which is checked several times daily.
- If your child is home for lunch and becomes unwell at lunchtime making them unable to return to school in the afternoon, please telephone the school before the beginning of the afternoon session to inform a member of staff.
- When you contact the school, it would be helpful if an indication could be given as to the child's expected length of absence from school.

Planned Absences

As part of Government Regulations, we are required to record all absences as "authorised" or "unauthorised". Authorised absences are due to illness or family bereavement and can also include time off to attend, e.g. sporting events or music exams.

- Under normal circumstances we do not send work home in the case of absence.
- For medical or dental appointments, the school should be informed beforehand in writing. Children should always be collected and returned by an adult on these occasions. As far as possible such appointments should take place outwith the school day.

The school follows the Aberdeenshire Attendance Policy:

<http://publications.aberdeenshire.gov.uk/dataset/council-policies-education/resource/4d0b8f53-24d8-4638-b084-17fe885d11d4>

Procedures for following up on pupil absence are based on the Education (Scotland) Act 1980 which requires by law that parents/carers ensure that children attend school regularly. The Home/School Liaison Officer has a key role to play, providing a vital link.

24 Holidays during term time

The Scottish Government has deemed that holidays taken during term time for primary and secondary children should be recorded as unauthorised absence unless there are special, exceptional circumstances. Should you wish to remove your child from school to attend a family holiday you must inform the Head Teacher. This will be recorded as unauthorised absence though there may at times be exceptional family circumstances previously discussed with the Head Teacher. Parents are advised to limit the number of holidays taken during term time, to minimise disruption to a child's education. For annual holiday dates for Aberdeenshire schools please see the section at the back of this book, contact the school office or go to:

<https://online.aberdeenshire.gov.uk/schooltermdates>

25 Dress Code

Pupils at Lochpots School are encouraged to wear their school uniform every day. This helps to instil a sense of pride and team spirit within our school. The uniform consists of a white polo shirt, grey/black/navy skirt/trousers and a **navy** school sweatshirt/fleece bearing the school logo.

Children are required to keep a pair of gym shoes in school to be worn indoors only. Pupils do not change shoes in the morning. However, on very wet days when pupils are wearing boots or wellingtons, they will be asked to change into their gym shoes. Children should not wear high heeled shoes as these can cause safety concerns. We appreciate your co-operation in support of this.

Please consider the changeable nature of weather conditions and provide your child with appropriate outerwear and footwear to suit.

The school office holds a limited stock of the following items of school uniform. However, if we do not have the size required, we are more than happy to order it for you. Order forms are available from the school office. You can also order direct from www.buchanembroidery.com

- Polo shirts – white bearing the school logo
- Sweatshirts – navy bearing the school logo
- Cardigans – navy bearing the school logo
- Shower jackets (fleece lined) – navy bearing the school logo
- School ties – navy with gold stripes
- Nursery polo shirts - red/green bearing the nursery logo

It is essential that you mark items of clothing with your child's name to aid the tracking down of lost items!!

Children should be suitably dressed for physical education, eg plain t-shirt, shorts and gym shoes (no football strips please). It is helpful if these items are left in school in a hang-up bag on the child's peg. These can be taken home on a Friday for laundering and brought back to school on a Monday.

For safety reasons Aberdeenshire Council states that all jewellery should be removed for PE and similar activities. Plain stud earrings may be worn where the child requires to wear earrings continuously in the period following piercing, however these must be covered by surgical tape (parents should provide a named roll of surgical tape for this purpose). Where bracelets/rings are worn and these are too small to be removed they should be covered with tape or sweat bands so that the risk of injury is eliminated. Hypo-allergenic tape is recommended. For safety reasons it is advisable that long hair is tied back. Shoe-string strap tops are also discouraged for safety reasons as they can catch on gym apparatus.

The school requests that football team tops and designer garments are kept for home use as these can provoke conflict amongst the pupils.

All clothing brought to school should be named or marked in some way, as it is difficult for children, especially younger children, to distinguish their own clothing from that of others.

When a child is unable to participate in PE parents should ensure that the teacher is informed, stating the reason. Children should all have, in school, some form of protective clothing (eg an old shirt) for doing messy work such as painting.

26 Clothing Grants

Some families may be entitled to a school clothing grant per eligible child per financial year. More information about this can be found at:

<http://www.aberdeenshire.gov.uk/schools/parents-carers/assistance/school-clothing-grants/>

27 Transport

To qualify for free Home-to-School Transport, Primary school pupils must reside more than 2 miles from and attend their zoned school whilst Secondary school pupils must reside more than 3 miles from and attend their zoned school.

These distances are the shortest available route from the pupil's house to the school gate and can take into account main roads (including dual carriageways), tracks and paths. Pupils will be assigned a collection point, in villages and towns and where safe to do so, pupils may have to walk up to 1 mile to the nearest collection point. Pupils who reside in rural locations are usually collected at the nearest adopted road to them (track end or roadside). School transport vehicles will not use private unadopted roads or tracks. It is the parent's responsibility to escort the pupil to and from their collection point. Application forms for free transport, Form PTU100 can be obtained from the school office.

28 Privilege Transport

Transport provision is also made available for pupils who are not ordinarily entitled to transport. Privilege transport is provided on school transport services subject to spare seating capacity. There are 3 types of privileged transport available:

In-zone Privileged transport

Pupils who attend their zoned school but are under the qualifying mileage can apply for In-zone privilege transport. If there is suitable seating capacity available and an existing route then the application should be approved, if there is not and there is a safe walking route available to the pupil, then it may be rejected. Please also note that if seating capacity is needed for a pupil who is entitled to school transport, In-zone Privilege pupils may be given written notice and removed from transport.

In-Zone Privilege Transport – Safety

Pupils who attend their zoned school but do not qualify due to their residence being under the qualifying mileage can apply for In-zone privilege transport. If there is no safe walking route available to the pupil, they are guaranteed a seat on transport by applying for an In-zone Privilege pass. A pupil who is guaranteed in-zone privilege transport would not be removed to make room for a pupil who is entitled to school transport.

Out of Zone Privilege Transport

There is no transport entitlement to pupils who attend a school which they are not zoned for. Pupils may apply for Out of Zone Privilege transport; pupils are required to meet the nearest available school transport vehicle to them, and it is the parent's responsibility to bring the pupil to the nearest collection point. Out of Zone Privilege transport pupils may be removed, with written notice, at any time for In-Zone Privilege and Entitled transport pupils.

Application forms can be obtained directly from your child's school. For further information see the Council website:

<https://www.aberdeenshire.gov.uk/roads-and-travel/school-transport/school-transport/> or contact: school.transport@aberdeenshire.gov.uk

Local Bus/Registered School Bus Services

Some services operate as registered bus services. These operate on a fare paying basis and pupils will be required to pay fare to the driver or purchase a season ticket for travel. National Entitlement cards (NEC) can also be used on these services (Young Persons' -Under 22s Free Bus Travel Scheme)

29 Early Learning & Childcare Transport

Transport to early learning and childcare settings will not be provided by Aberdeenshire Council.

30 Special Schools and Enhanced Provision

Aberdeenshire Council may provide free transport where necessary for pupils with additional support needs who access enhanced provision or community resource hub level support. In certain cases, it will be appropriate for pupils to make their own way to school by public transport and where this is authorised, bus passes are issued. Where a pupil's address falls in the delineated area of a resourced school, and is within reasonable walking distance, the Local Authority will consult with the Community Child Health Service before deciding if free transport should be provided.

31 School Closure & Other Emergencies

Head Teachers decide if and when schools should close due to bad weather or another emergency. In bad weather they will decide this after receiving information about local weather conditions. This decision can be made during any time, day or night. These guidelines outline the procedures for dealing with school closures during bad weather or other emergencies.

If children are at school...

School transport contractors have been told not to allow children to walk home alone from drop-off points under any circumstances during extreme weather conditions. If you can't meet or arrange for your child to be met, the school transport will return them to a designated location.

Public service vehicles – drivers of these vehicles follow a specified route and keep to timetables – they cannot make special arrangements.

If your child attends a Nursery, Primary or Special School, which is to close early, the school will contact you by telephone. If this is not possible the school will contact your named 'emergency contact'. No child will be released from school without contact being made. It is important contact details are current and the people named are available – particularly during bad weather.

If your child attends a Secondary School, because of the large number of pupils in Secondary Schools, parents will be contacted via text/email to inform them of closure.

If you are concerned about local weather conditions contact the school. You may wish to collect your child yourself and are free to do so provided you make arrangements with the school.

Before the start of the school day...

During bad weather some staff may not be able to get to school or bus routes may not be safe to travel on – so the school may have to close. Headteachers will advise parents and carers using the following communication tools:

Outwith school hours, your local radio station is a good place to find out information on school closures. The following radio stations receive updated information every 30 mins from our website:

- **Northsound 1**
FM 96.9
- **Northsound 2**
MW 1035 kHz

Aberdeenshire Council Website

<https://online.aberdeenshire.gov.uk/Apps/schools-closures/>

You also have the option to sign up to receive email alerts when your school(s) updates their closure status:

<https://online.aberdeenshire.gov.uk/myAberdeenshire/>

32 Storm Addresses

When there has been severe snowstorm during the day it may be prudent for pupils who live some distance from the normal bus routes not to attempt to reach their homes but to spend the night in alternative accommodation nearer school. It is the parent's responsibility to inform school about any pupils who may be at risk in such situations and to provide the name and address of a relative or friend who is willing to provide overnight accommodation.

33 Change of address and Parental Contact Details

To enable us to make easy contact with parents, the school would appreciate if any changes of address, telephone number or circumstances is amended via your parentsportal.scot account (see Menu section 'Your Account') or notified in writing to the School Office. It is also important that the school has details of an Emergency Contact should it prove impossible to get in touch with parents in the event of an emergency.

34 Anti-bullying Guidance

What is Bullying?

Aberdeenshire Council Education and Children's Services define bullying as the following:

Bullying takes place when the actions of an individual or group of people cause harm to someone by taking advantage of an imbalance of power within a relationship (whether perceived or real). Bullying behaviour can be persistent and/or intentional, but often it is neither.

Bullying can be verbal, physical, mental/emotional, or cyber and is behaviour and impact. It can be intentional or unintentional, direct or indirect, persistent, or a one-off incident. The impact is on a person's ability to feel in control of themselves.

Bullying can be verbal, physical, emotional, or cyber. It can be intentional or unintentional, direct or indirect, persistent, or a one-off incident. People who experience bullying behaviour feel vulnerable and/or socially isolated.

What will the school do about it?

Schools should promote consistency of response to instances of bullying behaviour using a 6-step approach. They will:

1. Record the Incident
2. Speak to the individuals involved having frank and honest dialogue
3. Speak to parents
4. Utilise Restorative approaches
5. Monitor the situation
6. Review and increase response accordingly

More information can be found in our School's anti-bullying guidance at

<http://publications.aberdeenshire.gov.uk/dataset/b9bb8c35-50b7-401e-a7e3-30833f69cc73/resource/8d5ff96d-775f-4516-9f6b-c15ce425f407/download/cusersspellascdocumentsecs-002-anti-bullying-policy-2018.pdf>

35 School Meals

Primary School Lunches

Lunch time is an important aspect of the school day. Not only does it provide children with a nutritionally balanced meal, it enhances their social and personal development.

How does my child choose their lunch?

In class first thing in the morning children select their meal using the Smart Board. Meal options are displayed, and a choice is made by touching the chosen option shown on the Smart board. The teacher will explain to children the menu options available on the day, but it is helpful for parents of the younger children to discuss this with them before they arrive in school.

The School Catering Service provides good value meals at our schools using carefully sourced quality ingredients. There is always a wide selection of options available from the menu. The menu and helpful information can be found via this link <https://www.aberdeenshire.gov.uk/schools/school-info/meals/primary-school-meals/>

Children with medically prescribed dietary requirements

The school should be advised of any food allergies or medically prescribed dietary support during the school induction process (both primary schools and academies) or when a condition is identified.

If the child is affected and attends a primary school, they will be required to complete the online form to let us know about their dietary requirements, and request special or modified diet.

Request Special or Modified Diet

If the parent/carers can't complete the online form a paper copy can be requested from the school office and this can be provided by contacting the email below.

Parents and carers of pupils with medically prescribed dietary needs can view allergens contained in any food item on the current primary school menus.

<https://www.aberdeenshire.gov.uk/schools/school-info/assistance/free-school-meals/>

<https://www.aberdeenshire.gov.uk/schools/school-info/meals/medically-prescribed-and-special-diets/>

The School Management Team and the Catering staff will be happy to discuss your requirements. In the meantime, if you require dietary information, please email medicallyprescribeddietarysupport@aberdeenshire.gov.uk.

Special Events and Celebrations

The children enjoy eating together and we encourage learning and wellbeing during lunchtime. Occasionally we celebrate special dates and encourage all children to participate.

If your child is going along on a school trip the school catering service can provide a nutritious packed lunch for the occasion and this includes children who qualify for free school meals.

How Much does a Primary School Meal Cost?

The current price of a Primary school meal can be found via the following link -

<https://www.aberdeenshire.gov.uk/schools/school-info/meals/primary-school-meals/>

How do I pay for School lunches?

Lunches are provided free of charge for pupils from P1 to P5.

Paying for School lunches for is very easy to do online.

It is very important to keep this account in credit as failure to do so triggers a time-consuming debt recovery process for the School and Catering service. We aim to support the wider Authority to be debt free and require your support in this by ensuring you top-up your account before sending a child for school meals.

Online payments system

We are encouraging parents/carers to register for online school payments due to COVID-19 to eliminate handling of cash. Parentsportal.scot is the recommended way to register to access all school payments including school meals.

Parentsportal.scot is securely linked to a myAberdeenshire account and to register follow this link <https://www.aberdeenshire.gov.uk/schools/school-info/parents-portal/>

If you are having difficulty making payments, please contact the school office as we are here to support families and will do whatever we can to assist you.

Free School Meals Information

Am I entitled to free school meals?

Click on the link to find information that explains the free school entitlement and how to go about it. [Free School Meals](#)

If you have difficulties obtaining access to free school meals, please speak with your school and we will work together to provide assistance.

If you require any further information regarding School Catering send a message to this email address - schoolmeals@aberdeenshire.gov.uk

36 Healthcare & Medical

Every child's health and welfare is very important to the school. Parents who have any concerns should let school know by telephoning or writing in. Alternatively, parents can inform the Health Visitor or their own GP. Parents are requested to let the school know of any hospital appointments.

Parents/carers are requested to keep children at home for 24-48 hours if the child has sickness, diarrhoea, flu-like symptoms or is clearly unwell.

Always seeks a GP's advice before sending a child back to school. Please remember that other children can be vulnerable to infection.

The school is fortunate to have a nurse in attendance to undertake Health Interviews and provide advice on health matters for pupils. The school doctor will play a vital role in monitoring a child's health and well-being.

Although our medical staff provide help and advice as appropriate, all pupils must be registered with a doctor in general practice who should be consulted about health matters as they arise. Parents should provide us with the name and telephone number of their child's doctor and an up-to-date emergency contact for themselves in case it becomes necessary for a child to be sent home during school hours because of illness.

Aberdeenshire Community Dental Service inspect P1 and P7 children in schools as part of the National Dental Inspection Programme. Written parental consent is not required for dental inspections, but parents will be informed in writing approximately one week before the inspection date.

Most pupils will at some time have a medical condition that may affect their participation in school activities. For many this will be short term, perhaps finishing a course of medication to combat an infection.

Other pupils have medical conditions that, if not properly managed, could limit their access to education. Such pupils are regarded as having health care needs. Most children with health care needs can attend school regularly and, with some support from the school can access most school activities. However, school staff may need to take extra care in supervising some activities to ensure that pupils are not put at risk.

Planning formats may include either:

- Individual Pupil Protocol (IPP) (Med form 7).
- Health Care Plan written by Health professionals for very specific medical needs.

A risk assessment should also be completed.

The above can help schools to identify the necessary safety measures to support pupils with medical needs and ensure that they and others are not put at risk.

Please find the link below to our policy and guidance: Supporting Children and Young People with Healthcare needs and managing medicines in Educational Establishments

<https://asn-aberdeenshire.org/policies-and-guidance/>

Sunscreen - As children are outdoors for learning and for play, parents should apply this prior to sending children to school or nursery. School staff do not supply, nor do they apply, sunscreen creams.

If your child has long term medical conditions such as asthma or diabetes, which may require on-going support, this should be fully discussed with the school. In certain cases specific training of staff about a child's treatment may need to be given. In addition, some children have conditions which may require occasional staff intervention eg severe allergic conditions such as anaphylaxis.

37 Exclusion

The foundation for schools, learning establishments and education authorities is a whole school ethos of prevention, early intervention and support against a background which promotes positive relationships, learning and behaviour. Where pupils who display behaviour, whereby attendance at the school would be likely to be seriously detrimental to order and discipline in the school or the educational well-being of the pupils there, and where other forms of support have proved unsuccessful, the Authority exclusion policy may apply. For further information on exclusions contact the school or go to:

<http://publications.aberdeenshire.gov.uk/dataset/council-policies-education/resource/9e393d1a-2113-44c8-afb6-a517f2d495b6>

38 Educational Visits

We offer various educational visits during the school year. We believe that 'hands on' experiences greatly enhance a child's education, while also helping to make the necessary links between learning in school and life outwith school. Staff members and parent volunteers provide supervision to standards laid down by Aberdeenshire Education & Children's Services. We give parents as much notification as possible regarding visits their children will participate in.

There are grants available through the Aberdeenshire Educational Trust to help with the cost of school trips. For further information go to:

<https://www.aberdeenshire.gov.uk/benefits-and-grants/educational-grants/>

39 Instrumental Tuition

From Primary 4 onwards, tuition is available for a range of musical instruments. Most disciplines are taught in the secondary schools however not all disciplines are available in primary schools due to limited resources. Orchestral string instruments are not normally available to beginners at secondary level. Tuition is subject to availability.

Guide to starting stage by discipline:

- Woodwind - P6
- Brass - P5
- Violin or viola - P4
- Cello or double bass - P4
- Percussion - S1
- Piano or keyboard - P4
- Guitar - P4
- Bagpipes - P4
- Pipe band drum - P4

As of August 2021, we are unable to offer tuition on more than one instrument to pupils.

Music tuition fees

Scottish Government Ministers and COSLA leaders agreed to the removal of fees for the academic years 2021/22 and 2022/23 which has been supported by funding from the Scottish Government to allow existing levels of provision to be maintained.

Funding for 2023/24 has been confirmed by the Scottish Government, therefore there will be no fees for instrumental tuition during this academic session.

<https://aberdeenshire.gov.uk/schools/music-lessons/youth-music-sessions/>

Aberdeenshire Youth Music Sessions (AYMS) provide ensemble music-making opportunities for children outside of the school day.

For further information go to:

<http://aberdeenshire.gov.uk/schools/ims/>

40 Public Liability Insurance

Aberdeenshire Council holds third party liability insurance, which indemnifies the Council against claims from third parties, eg parents on behalf of pupils who have suffered injury, illness, loss or damage arising from the negligence of the Council or its employees. In these circumstances all claims are handled on behalf of the Council by external Insurers and Claims Handling Agents and compensation is dealt with on a strict legal liability basis. This means that there is no automatic compensation, the Council must be found negligent in order for any compensation to be offered by our Insurers and / or Claims Handling Agents.

Whilst the school will exercise reasonable care for pupils' property, it is inevitable that property will be lost or damaged from time to time. Pupils' property which is worn or brought to school or left in bags/cloakrooms is at their own risk. This includes but is not restricted to personal items such as jewellery, phones/tablets watches and bicycles. Aberdeenshire Council cannot accept responsibility for loss or damage unless caused by negligence of the school or staff.

41 School Off Site Excursion Insurance

Aberdeenshire Council has in place a School Excursion Insurance policy, whereby both pupils and teachers are covered for offsite activities / trips both within the UK and abroad (offsite meaning off the school premises). The policy covers medical expenses, loss of baggage, cancellation (as specified in the policy), curtailment and change of itinerary (along with other sundry benefits) etc for worldwide trips and adventurous activities (including winter sports), subject to policy terms and conditions being met.

If personal items such as jewellery, phones/tablets, watches etc. are taken on a school trip then these are taken at an individual's own risk and are not covered under the policy, unless damage or loss is caused by an Aberdeenshire Council employee.

Personal / individual cover is seen as a parental responsibility, and it is your decision as to whether you feel it is appropriate to obtain this.

Where trips are booked and have subsequently to be cancelled because of any Covid related event then insurance will not be valid. This will of course be reviewed periodically.

Please be advised, however, that the Duty of Care aspect below is not insurance related:

Duty of Care

The Authority has a duty of care in respect of pupils in its charge during school hours and as such must take reasonable steps to ensure the safety of all primary and secondary pupils. This general duty of care continues if the children go home by way of school transport and ends when the child gets off the bus, at which point the parents then become responsible.

42 Data we hold and what we do with it.

The UK's Data Protection Act (DPA) 2018 enacted the EU GDPR's requirements into UK law and, with effect from 1 January 2021, the DPPEC (Data Protection, Privacy and Electronic Communications (Amendments etc) (EU Exit)) Regulations 2019 amended the DPA 2018 and merged it with the requirements of the EU GDPR to form a new, UK-specific data protection regime that works in a UK context after Brexit as part of the DPA 2018 and is known as the 'UK GDPR'.

Aberdeenshire Council is committed to full compliance with these regulations. When you are asked for information by Education & Children's Services, we will tell you why we are collecting the information, how long we will hold it and the legal basis for gathering this information. A Privacy Notice has been issued to all schools relating to the information we hold on yourself and your child/ward.

43 The information we collect from you

Aberdeenshire Council collects personal data and information about your child in order to provide your child with a school education.

We will normally only share information (other than in child protection situations) in order to provide services for your child as part of his/her school education. We collect special category data about your child and process this because it is in the substantial public interest.

The information held by Aberdeenshire Council is used to assess, plan, coordinate, deliver, and quality assure the education services to your child. The Council does not use an automated process for making decisions about your child or the services required; decisions are made with you. We will keep this information for a period of 5 years from the maximum school leaving age of your child, as required by The Pupils' Educational Records (Scotland) Regulations 2003, unless we have a legal responsibility to keep the information for a longer period of time.

44 Your Data, Your Rights

You have legal rights about the way the Council handles and uses your data. More information about all of the rights you have is available on our website at:

<https://www.aberdeenshire.gov.uk/online/legal-notice/data-protection/>

Alternatively, you can contact the Council's Data Protection Officer by emailing DataProtection@aberdeenshire.gov.uk or in writing to: The Data Protection Officer, Town House, 34 Low Street, Banff, AB45 1AY.

You also have the right to make a complaint to the Information Commissioner's Office, (www.ico.org.uk). They are the body responsible for making sure organisations like the Council handle your data lawfully.

The Council is required, where it is the data controller, to act in a transparent manner by providing information to individuals about how it will collect and use their personal data. Privacy Notices are an essential part of complying with this requirement. The Privacy Notice must provide information to individuals in a concise, transparent,

intelligible, and easily accessible way and must be written in clear and plain language. All Education & Children's Services Privacy notices are available on our website at: <http://publications.aberdeenshire.gov.uk/dataset/education-privacy-notices>.

45 Parental Access to Records

Access Requests are the formal process by which individuals can seek information held about them (or their children) by the council. The requests can be broad, in terms of everything that is held, or quite specific - everything held by a specific department, establishment, team or individual. We have a legal requirement to provide the information under the Data Protection Act 2018. An Access Request is wider than an Educational Record in that it will include all personal data held about a child not just their educational record. Further information can be found at:

<https://ico.org.uk/your-data-matters/>

The Pupils' Educational Records (Scotland) Regulations 2003 means that you can get access to your child's records. Details of the regulations and process for obtaining information specific to pupils are available by contacting the school directly or can be found at:

<https://education.gov.scot/parentzone/my-school/general-school-information/My%20child's%20record>

46 Information Sharing

In terms of effective communication, including sharing relevant and proportionate information, where appropriate, Aberdeenshire Council in accordance with the Data Protection Act 2018 and Human Rights Act 1998 adheres to this as part of our current routine practice.

47 ScotXed

ScotXed is a term used to represent the Scottish Government's Education Analytical Services, which is part of the Scottish Government's Learning Directorate.

ScotXed have legal powers to request data with regards all children and young people being educated in Scotland's schools, with the information collected about pupils and staff in schools used to help to improve education across Scotland. They do not collect the names of your child/children and they do not receive any contact details the school may have for you (eg telephone number, email address), and no information is published or made publicly available that would allow your child/children to be identified. More information on what and why they need data about your child/children, along with how they collect and store it is available in their Education Statistics Privacy Notices for parents and carers:

<https://www2.gov.scot/Topics/Statistics/ScotXed/SchoolEducation/ESPrivacyNotices>

If you have any concerns around the national ScotXed data collections, you can:

- Contact the Data Protection & Information Assets team at the Scottish Government on dpa@gov.scot, or
- The Head of Education Analytical Services, Mick Wilson, on at mick.wilson@gov.scot,
- You can write to them at Education Analytical Services, Area 2A-North, Victoria Quay, Leith, EH6 6QQ.
- Alternatively, complaints may be raised with the Information Commissioners Office at casework@ico.org.uk.

Further Information

The links below take you to the most up to date information on these topics.

Nursery Information

Lochpots School Nursery is part of Aberdeenshire Education & Children's Services and registered with the Care inspectorate (SCSWIS-Social Care & Social Work Improvement Scotland).

There are 40 places available in Lochpots Nursery. Every child is entitled to a fully funded 1140 hours Early Learning & Childcare place at the start of the term following their third birthday.

Some two-year-olds are also eligible for free Early Learning and Childcare in centres throughout Aberdeenshire. For more information on this please visit: - www.earlylearningandchildcare.scot

Information regarding enrolment is publicised in the local press early in the calendar year and communicated to parents through the school bulletin. For further information go to:

<https://www.aberdeenshire.gov.uk/social-care-and-health/childcare-and-early-learning/>

Learning experiences are provided by appropriately qualified staff who are registered with the SSSC (Scottish Social Services Council). Our Nursery adheres to Care Inspectorate guidelines and standards and is open to announced and unannounced inspections by this body.

Children's early learning follows the Curriculum for Excellence 3-18 guidelines and principles and Realising the Ambition national practice guidance on early learning and childcare.

Parents should be aware that children who attend Lochpots Nursery, but do not live in the Primary School Catchment area, will not automatically move into our Primary School. Further details can be obtained from the school.

Our Nursery is open from 8am – 6pm (split into 2 sessions: 8am-1pm and 1pm-6pm) 5 days a week, all year round. This includes all school holidays, except for 2 weeks at Christmas when the Nursery is closed. Parents who choose the 'all year round' option can choose 5 sessions per week, and Parents who choose the 'term time' option can choose 6 sessions a week, to take advantage of their full 1140 entitlement. If we cannot accommodate your child's 6th session at Lochpots you may use the hours elsewhere. You can also choose to split your funding between 2 settings.

An Early Years Senior Practitioner manages the day to day running of the Nursery under the Head Teacher, with support from the school administration team.

A responsible adult must bring and collect Nursery children. They will not be allowed to leave the Nursery premises with a school pupil.

A healthy snack of fruit and vegetables is provided daily for each child. Snack time is a very important part of the day and provides a happy, social time for children to gain independence. Children are encouraged to help prepare the snack and to tidy up afterwards. Parents and carers are asked to help promote this at home by encouraging spreading, pouring and clearing up at mealtimes.

A Lunch and High Tea (depending on pattern of attendance) is also provided with milk available daily. If the children do not like milk, then water is provided. All meals and snacks are funded by the Scottish Government.

It is important to encourage good eating habits in young children and as we are a 'Health Promoting School' much thought is given to planning healthy meals using the 'Setting the Table' document for guidance.

During mealtimes the children have the opportunity to try new flavours and foods. Allergies are always catered for, but not food preferences (unless for religious reasons).

School Improvement Plan

Standards & Quality & Improvement Planning

All schools in Scotland are required to report on Standards and Quality and Improvement Planning on an annual basis. Around November each year a summary of this report is sent to all parents. Parents are welcome to request a copy of the full report or can view this on the school website. Members of the Parent Council are invited to comment on and add to this report before it is finalised and sent to parents.

The Standards and Quality Report measures school performance against a set of national quality indicators and includes information about the main achievements of the school. The report also evaluates progress on the school's previous year's improvement plan, eg how standards have been raised in literacy, numeracy and health & wellbeing.

Improvement Planning

In consultation with the Parent Council, the school draws up an improvement plan on an annual basis, indicating the priorities for school improvement. National and local authority initiatives and developments also inform the school improvement plan.

Parents can access comparative information about all Scottish Schools and their education authorities at www.ltscotland.org.uk/scottishschoolsonline

For further information on national quality indicators go to www.journeytoexcellence.org.uk/about/keydocuments/part3.asp

Parental Involvement / Parent Councils

Parent Councils are now established in almost all Aberdeenshire primary and secondary schools. The Scottish Schools (Parental Involvement) Act 2006 recognises the vital role that parents play in supporting their children's learning.

The basic principle underpinning the Act is the desire to have children become more 'confident learners' through closer working between each family and the school. It is anticipated that this can be done in three ways. These are:

- 1. Learning at Home:** direct parental involvement in the child's learning at home and in the community.

Parents can support learning at home through:

- Reading to and with your child
- Giving your child responsibility for small tasks at home – setting the table, making a shopping list, tidying their bedroom etc.
- Helping your child to recognise and develop their skills and to recognise the skills of others
- Encouraging your child to respect diversity and be tolerant
- Helping them to be resilient and have a problem solving attitude
- Helping them to develop social skills though reinforcing the need for manners and politeness.

- 2. Home/School Partnership:**

The home/school partnership is essential to ensure that children get the maximum benefit from their school experiences. You can support this by:

- Helping with any homework your child may be tasked with and remember to sign the completed work (see Parentzone and our Homework Policy for further information on helping your child at home.) <http://www.educationscotland.gov.uk/parentzone/index.asp>
- Volunteering with an aspect of school life. Please note that all volunteers need to undertake a PVG check. This involves completion of paper documents which are then scrutinised by Disclosure Scotland. PVG is then considered for granting.
- Supporting the school in promoting positive behaviour and the school values
- Completing audits that are sent to you seeking your views and opinions on how the school operates

- Complete the Care Inspectorate questionnaire that comes home from the nursery so that we can take your views into consideration when planning nursery improvements.

3. Parental Representation:

- Parent Councils are parent led and supported by the school with all parents automatically being members of the 'Parent Forum', The Parent Council is tasked with representing the views of the Parent Forum.
- The Parent Council assists the school in developing an annual improvement plan
- They comment upon and adds to the annual Standards and Quality Report.
- Provide an annual report for parents on their work throughout the year.
- You can find out more about your Parent Council by contacting the Parent Council Chair or the Head Teacher or by clicking on the link below:

<http://aberdeenshire.gov.uk/schools/parents-carers/involvement/parent-forums-and-councils/>

Stats for Attainment

The Scottish Government have developed a "School information dashboard" that provides a range of statistical information about each publicly funded school in Scotland. This includes school attainment information about Curriculum for Excellence Levels Achieved (for primary and secondary schools).

The dashboards can be consulted <https://education.gov.scot/parentzone/>

Aberdeenshire Council School Holiday Calendar

<https://www.aberdeenshire.gov.uk/schools/school-info/school-term-dates/>

Year/Termly Plan of Learning

Lochpots School – Reporting Calendar

	Parent Links Transition	Parent Interviews / Written Reports	Feedback, individual meetings	Sharing the Learning / Open Sessions / Community Cafes	Other / Ongoing / Pupil Presentations
